

Product Data Sheet

SYSCOM X RACK 18U 600×800

Product Overview

The **SYSCOM X RACK 18U 600×800** is a professional-grade rack mount enclosure designed for secure housing of networking, telecom, and industrial electronic equipment. With a **standard 19-inch rack width** and **18U height**, it offers extensive space for structured installations in IT environments.

Crafted from **high-quality steel** and finished with a **durable black powder coating**, this enclosure ensures long-term reliability and protection. Its **ventilated design** and **dual fan mounting support** maintain optimal airflow and cooling performance.

Ideal for server rooms, data centers, CCTV setups, and industrial control systems.

Key Features

- **Standard 19-inch rack compatibility**
- **18U rack height** for extensive equipment installation
- **600 × 800 mm enclosure size**
- **Robust steel construction**
- **Black powder-coated finish** for durability
- **Dual fan mounting positions** on top panel
- **Ventilated top and side panels** for heat dissipation
- **Removable top cover** for easy access
- **Wall mount and rack mount compatibility**
- **Secure mounting points** for stable installation

Technical Specifications

Product Name	SYSCOM X RACK
Model	18U 600×800
Rack Standard	19 Inch
Rack Height	18U
Width	600 mm
Depth	800 mm
Material	High-quality Steel
Color	Black
Surface Finish	Powder Coated
Cooling Support	2 × Cooling Fan Mounts
Ventilation	Top and Side Ventilation
Access	Removable Top Panel

Applications

- Network Equipment
- CCTV and Security Systems
- Servers and Storage Devices
- Industrial Control Systems
- Telecom Infrastructure
- Data Communication Systems
- IT and Networking Installations
