

Product Data Sheet

SYSCOMX-RACK-15U 600 × 600mm

Product Overview

The **SYSCOMX-RACK-15U** is a compact and professional floor-standing rack cabinet designed for small to medium network and IT installations. With a space-efficient **600 mm width and 600 mm depth**, it is ideal for environments where space is limited while still providing reliable and organized equipment mounting.

The tempered glass front door allows easy visibility of installed devices while maintaining a clean and modern appearance. It is suitable for offices, small server rooms, CCTV systems, and telecom setups.

Key Features

- 15U usable rack space
- Standard 19-inch mounting format
- 600 × 600 mm compact cabinet size
- Front tempered glass door
- Floor-standing design
- Durable steel construction
