

Product Data Sheet

RG59 + Power Cable – 100 Meters

Product Overview

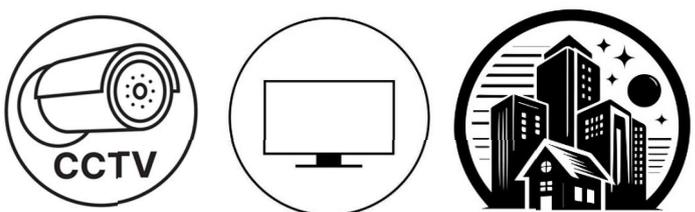

The **SyscomX RG59 + Power Siamese Cable** is designed for **CCTV systems**, combining video transmission and power in one cable for easier installation and long-distance transmission.

Key Features

- ✓ High-quality **RG59 Coaxial Cable**
- ✓ Integrated **Siamese Power (2-Core)**
- ✓ Supports **CCTV, AHD, TVI, CVI & Analog systems**
- ✓ **75 Ohm impedance** for stable video quality
- ✓ **Braided + Aluminum Foil shielding**
- ✓ Suitable for **indoor & outdoor use**
- ✓ **Meter marked** for easy installation
- ✓ **CE & RoHS certified**

Applications

- ✓ **CCTV Security Systems**
- ✓ **HD-CVI / AHD / TVI / CVI**
- ✓ **Analog Cameras**
- ✓ **Residential & Commercial installations**

Technical Specifications

CABLE TYPE	RG59+POWER
IMPEDANCE	75 OHM
FREQUENCY RANG	UP TO 3GHz
CENTER CONDUCTOR	0.81mm Solid Copper
Shielding	Braided+ aluminum foll
Power Cores	2-core(18AWG)-Red&Black
Jacket Material	Black PVC
Attenuation 100M	55MHz:15.4db 211MHz:15.0db 300MHz:19.3dB
Meter Marking	Yes
Length	100Meters
Packaging	Wooden Reel

Physical Characteristics

Total Length	250 Metters
Cable Type	RG59+Power
Jacket Material	Black PVC
Metete Marking	Yes
Packaging	Wooden Reel
