PRODUCT OVERVIEW

The SyscomX RG59 + Power Siamese Cable is designed for CCTV systems. It combines video transmission and power in one cable, allowing easier installation and reliable long-distance transmission for surveillance cameras.

TECHNICAL SPECIFICATIONS

Cable Length	100 meters
Cable Type	RG59 + Power
Center Conductor	0.81 mm Solid Copper
Shielding	Braided + Aluminum Foil
Frequency Range	Up to 3 GHz
Impedance	75 Ohm
Power Cores	2-Core (18 AWG) - Red & Black
Jacket Material	Black PVC
Meter Marking	Yes
55 MHz	15.4 dB

KEY FEATURES

- ✓ High-quality RG59 coaxial cable
- ✓ Integrated Siamese power cable (2-core)
- ✓ CCTV
- ✓ AHD
- ✓ TVI

APPLICATIONS

- ✓ CCTV Security Systems
- ✓ HD-CVI / AHD / TVI / CVI Cameras
- ✓ Analog Cameras
- ✓ Residential installations
- ✓ Commercial surveillance systems

PRODUCT HIGHLIGHTS

- CVI
- Analog systems
- 75 Ohm impedance for stable video quality
